

That's right, just like you see at the local bait shop. We have created an electronic "bulletin board" of your favorite hunting, fishing and trapping photos and are asking folks to submit them for others to enjoy. We'd prefer they be relatively current photos from your outdoor excursions in the Jackson, Pinedale and Star Valley areas.

We also ask that they be tasteful photos (not too much blood and gore) and, of course, we always reserve the final say on what photos are posted. You can take a look at the photos that have already been posted to get an idea of what we're looking for. They don't necessarily have to be "trophy" class animals either.

Please send your photos to:  
[mark.gocke@wgf.state.wy.us](mailto:mark.gocke@wgf.state.wy.us)

Include the word "photo" in the subject line, so I know it's not "spam" email. Also, include any pertinent information such as name of the hunter/angler, any weights/measurements taken, date taken, the **general** location where it was taken, etc.

Tell your friends about it. The more, the merrier!
