INSTRUCTIONS: Prior to filling out the application, please check the Chapter 10 regulation for the types of wildlife that can and cannot be possessed, imported, confined, transported, disposed of, or sold. Complete the application according to each line's request (all lines must be completed). If one line does not apply, write N/A in that space. Include the **common name and scientific genus and species** for each type of wildlife being requested to possess, import, dispose of, sell or transport. Up to a maximum of 100 game birds in aggregate can be held for dog/falcon training purposes and the specific number of game birds by species are not required to be specified. The application must be **SUBMITTED TO YOUR LOCAL GAME WARDEN. The game warden must approve and sign the application before a permit will be issued.**

COMMON NAME	GENUS/SPECIES NAME	NUMBER	PURPOSE*

*PURPOSES: Pet, Sell, Food, Dog/Falcon Training, Rehabilitation, Importation.
If a permit is issued for importation, the permittee shall obtain the appropriate certificate of veterinary inspection prior to importation, satisfying the requirements of Appendix I or II of Chapter 10 of the Wyoming Game and Fish Commission Regulations.

1. Name and address of supplier: _____
2. Legal description and physical address where wildlife will be held: _____

3. Is the proposed possession of wildlife contrary to the laws of the appropriate County or Municipality where wildlife will be possessed, or any other applicable laws or covenants? Yes No
4. Describe the holding facilities proposed to contain the live wildlife. Include dimensions and specifications of facilities. Facilities may be inspected by a game warden. (attach additional sheet if necessary)

5. If property to be used is leased, provide legal description, a copy of the lease, a map of the lease, and a date of the lease termination for lands used with this permit. A lease is not required for bird dog/falcon training; however, you must attach a map of the area to be used for dog/falcon training
