

**Wolf Report**  
**For the week ending April 18, 2008**

The state of Wyoming officially assumed management authority for wolves on March 28, 2008. This report covers the period from April 12 through April 18.

**Wolf Research**

Nothing new to report this week.

**Wolf Monitoring**

Wyoming Game and Fish Department personnel are continuing to transition into management by monitoring wolf distribution and activity.

**Reported Wolf Kills**

No reported wolf kills this week.

**Depredation Investigations**

No depredation investigations this week.

**Information and Education**

The department's information and education staff continued to answer numerous calls from the media and public this week. Most callers asked about the number of wolves killed in the Predatory Animal area this week, as well as pending lawsuits and a variety of questions about Wyoming's wolf management plan. News articles ran in a number of media, including the New York Times, USA Today and others. I&E staff is also preparing articles on wolf management for the May issues of Wyoming Wildlife Magazine and Wyoming Wildlife News.

**Other**

The department has advertised three Wolf Management Specialists and already received a number of applications.
